

BiLSTM+Attention Model For Multimodal Fake News Detection

Necessary Libraries:-

- Pandas
- Tensorflow
- Scikit_learn
- jieba

How to Run:- Execute in Colab/Jupyter Notebook

Dataset

You can access the data from our drive:-

<https://drive.google.com/drive/folders/1yz3KHwmXSVsv2RqKZ572ihjsUsJo6AJ2?usp=sharing>

Since Training images were too large ,we have tested only on a subset of 8000 images.You can download the complete training images dataset from

http://datafountain.int-yt.com/Files/YiQingGongYi/422/train_images.zip
